## Air Powered Slicing Machine

**FOODTOOLS**  
Industry Leaders in Portion Control

# CS-1A

**Average Speed:**  
50-100 Products Per Hour

**Function:**  
This model will portion a variety of frozen or chilled round products. Portions will all be a consistent size no matter who is using the machine with optional Divider Inserts separating each wedge. This model works well for bakeries producing from 50-100 cakes per hour.

- Benefits**
- Achieve a return on investment through labor savings and improved portion quality and consistency
  - Perfectly portion cakes every time
  - Divider Insert accessories included to allow placing of paper dividers between each slice
  - Operated only with air pressure
  - Simple, safe, and easy to clean design
  - Small and compact design is perfect for locations with limited space
  - Rear wheels for easy transport and storage
  - Reliable and durable equipment backed by manufacturer's warranty
  - Great starter machine for bakeries just beginning to portion cakes and pies
